To VIKTOR[i].

OSA[ii] has returned from a trip to see KALIBR[iii]. KALIBR expressed his readiness to help in throwing light on the work being carried on at Camp-2[iv] and stated that he had already given thought to this question earlier. KALIBR said that the authorities of the Camp were openly taking all precautionary measures to prevent information about ENORMOUS[ENORMOZ][v] falling into Russian hands. This is causing serious discontent among the progressive [B% workers]

[17 groups unrecoverable]

the middle of January KALIBR will be in TYRE[TIR][vi]. LIBERAL[vii], referring to his ignorance of the problem, expresses the wish that our man should meet KALIBR and interrogate him personally. He asserts that KALIBR would be very glad of such a meeting. Do you consider such a meeting advisable? If not, I shall be obliged to draw up a questionnaire and pass it to LIBERAL. Report whether you have any questions of priority interest to us.

KALIBR also reports: OPPENHEIM[viii] from California and KISTIAKOWSKI[ix] (MLAD's[x] report mentioned the latter) are at present working at the Camp. The latter is doing research on the thermodynamic process. Advise whether you have information on these two professors.
